

## **Addendum:**

With the announcement of dates for the 2017 World Open in Philadelphia, we are strongly considering adjusting our tournament dates / format to run the 2017 CYCC and Canadian Open concurrently as per the schedule below. This encourages interested players to participate in the World, Canadian and Quebec Open Tournaments.

The CYCC would run seven (7) consecutive days, one round (10 am) per day. The Canadian Open would run six (6) consecutive days, have a one day break, then four (4) days, with one round (4 pm) per day, allowing CYCC players to play both tournaments in less time than separate events, while preserving the one round per day for the Canadian Open. In addition, we would be able to offer additional GM lectures / simuls / analysis to the CYCC on days 9 through 12.

The start date could be July 6, 7 or 8 depending upon the scheduling of the 2017 Quebec Open.
